Subject: DOGM Receipt of Reclamation Surety, \$2000 and Reclamation Contract Requirements, Utah Mineral & Fossil, Inc., Maynard Topaz Mine, S/023/047, Juab County, Utah

Dear Mr. Holfert:

Due to a Memorandum Agreement between SITLA and DOGM, the administration of reclamation surety bonds has been transferred to the Division. On July 18, 2006, the Division received a check from SITLA in the amount of \$2000.00 that serves as reclamation surety for the Maynard Topaz Mine site. **In order to apply this surety to your small mining operation (SMO), it is necessary to complete the reclamation surety contract (form MR-RC) immediately.**

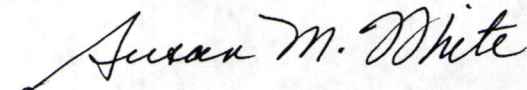

Please contact Minerals Surety Coordinator, Beth Ericksen at 801-538-5318, so the contract can be emailed to you. This contract shall be signed by an authorized person of the company, notarized and returned in its original form to the Division, attention Minerals Regulatory Program.

On June 8, 2006, a Division letter was mailed to all small mine operators requiring a reclamation surety bond for small mines within the state of Utah. This letter has a deadline of December 8, 2006 to meet the surety bond requirements. Additional reclamation surety bond requirements may be necessary. Please contact the reclamation specialist for Juab County, Tom Munson, 801-538-5321, to obtain assistance in the determination of potential additional surety and permitting requirements.

If you have any questions or require further discussion, please contact any of the mentioned persons in this letter or myself at 801-538-5325.

Sincerely,

for Daron Haddock
